

ALPHALINER

Liner Operators

As part of its information platform, Alphaliner provides the profile of all liner shipping / containership operators, including the exhaustive list of their services and of their ships.

These profiles are part of the Alphaliner online offer, which includes the most comprehensive containership register and liner services directory, online daily news on key developments, recent charters and sales, and its unique TOP 100 of liner operators. Alphaliner publishes also a weekly newsletter and monthly stats on the liner industry.

A sample of a service data sheet is displayed on page 2 of this document.

A list of operators covered in the Alphaliner website is provided, starting page 3.

Here is a concise overview of the Alphaliner offer :

- Register of all containerships, multipurpose cargo vessels and freight roros
- Directory of the world liner/container services
- Directory of liner operators (background, services, ships and orderbook)
- Commercial histories of ships (charters and sales)
- News on latest developments in container shipping
- News on container terminal developments
- Statistics on the world containership fleet
- Capacity supply forecast
- Evolution of charter rates
- Evolution of box rates
- Evolution of container traffic at main ports
- Evolution of the supply on east-west routes
- Evolution of the capacity and market share of the main operators
