

### Alphaliner Cookie Policy

We use cookies and other similar technologies to ensure everyone who uses Alphaliner products has the best possible experience. Cookies also help us keep your account safe. By continuing to visit or use our services, you are agreeing to the use of cookies and similar technologies for the purposes we describe in this policy.

#### What are Cookies?

---

Cookies are small pieces of text used to store information on web browsers. Cookies are used to store and receive identifiers and other information on computers, phones and other devices. Cookies do a lot of different jobs which make your experience of the Internet much smoother and more interactive. For instance, they are used to remember your preferences on sites you visit.

Information collected by cookies is now classified as personal data.

#### What Type of Cookies does Alphaliner use?

---

There are two types of cookie:

- ◆ **Persistent cookies** remain on a user's device for a set period of time specified in the cookie. They are activated each time that the user visits the website that created that particular cookie.
- ◆ **Session cookies** are temporary. They allow website operators to link the actions of a user during a browser session. A browser session starts when a user opens the browser window and finishes when they close the browser window. Once you close the browser, all session cookies are deleted.

#### How does Alphaliner use cookies?

---

Cookies can be used to recognize you when you visit Alphaliner's products, remember your preferences, and give you a personalized experience that's in line with your settings.

Categories of Use	Description
Strictly Necessary Cookies	They are necessary to navigate around a website and use its features. Without them, you wouldn't be able to use basic services that the website provides. These cookies do not gather information about you that could be used for marketing or remembering where you've been on the internet.

---

Preferences, features and services

If you're signed-in to Alphaliner, cookies help us show you the right information and personalize your experience. Cookies provide you with features, insights, and customized content in conjunction with our products.

---

Performance, Analytics and Research

Cookies help us learn how well our site and products perform in different locations. We also use cookies to understand, improve, and research products, features, and services.

---

We also use **third-party cookies** to learn more about how you use our website and products and in order to optimize your work with our integrations with other tools. Please note that some of those third parties may use cookies over which we have no control. These cookies are likely to be analytical/performance cookies or targeting cookies.

Cookies by themselves can't be used to find out the identity of any user. The information is completely anonymous and doesn't contain any of your personal data. Unless you choose to tell them, the third party sites will never know who you are even if they assign your browser a cookie.

## How to Manage & Remove Cookies

---

You are able to block or remove cookies through your web browser settings. You should be aware that some preferences will be lost if you delete all cookies and many websites will not work properly or you will lose some functionality. We do not recommend turning cookies off when using our website and products for these reasons.

Most browsers accept cookies automatically, but you can alter the settings of your browser to erase cookies or prevent automatic acceptance if you prefer. Generally you have the option to see what cookies you've got and delete them individually, block third party cookies or cookies from particular sites, accept all cookies, to be notified when a cookie is issued or reject all cookies. Visit the 'options' or 'preferences' menu on your browser to change settings, and check the following links for more browser-specific information.

You can visit <http://allaboutcookies.org> for more information on how to manage and remove cookies across a number of different internet browsers.
